✓ Poverty, Hunger

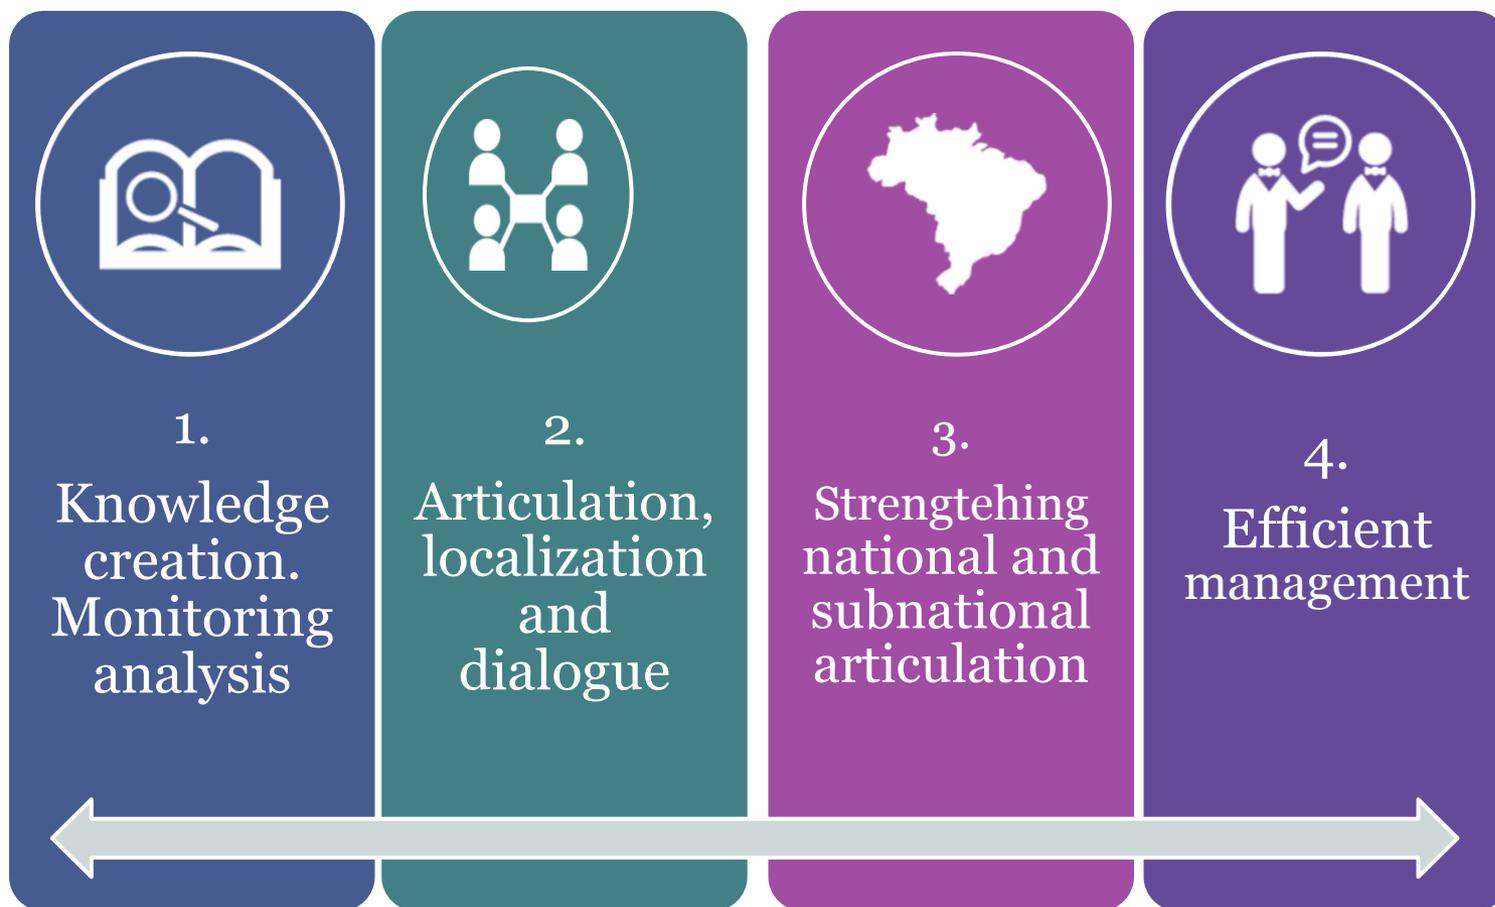

+/- Education

X Health

Sustainable Development Goals: challenges and new opportunities.

- UNPD Project "Brazil SDG 2030"
 - One of the axes is the articulation with Academy, considering that's a relevant player for locally implement SDGs
 - Production of data and monitoring agenda implementation; foment research and innovation; work through community engagement projects to support territorial sustainable development.
 - The UFPB-UNDP collaboration allows the creation of bridges between the university and community through the dissemination of SDGs.

UNPD Project "Brazil SDG 2030": structural elements
